

These Middle Earth Tiles are Made in New Zealand and are Sustainable and Eco-friendly
Colour and shade variation are inherent qualities in all fired ceramic products.

Middle Earth Tiles have created Akaroa Squares as a replica of traditional French Classic Melange floor tiles. The tiles have chipped edges, little craters and are not always the same size. These are not defects; they are how the Antiqued Akaroa Squares are so attractive. Their color will vary even on the same piece. We have called them “Akaroa Squares” in recognition of the early French settlers who settled in New Zealand at Banks Peninsular.

Installation

Akaroa Square tiles are not pre-sealed; we recommend that the tiles are sealed before grouting with a penetrating sealer. For internal installations, the tiles can be waxed for a stunning classical finish.
