

The toughest low maintenance swimming pool tiling system, Mediterráneo Clinker pool tiles

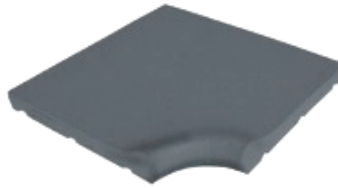

Middle Earth Mediterráneo Clinker pool edging tiles are a superbly made tile system for swimming pools. It starts with extra strong pool edging tiles with appropriate purposely made corner tiles and is supported by paving tiles which are perfect for swimming pools. Made in five colours from high quality carefully selected clays baked in kilns to high temperatures that reach 1,360° C. This long and complex process of manufacturing allows an optimal result not only with high technical specifications but an exclusive aesthetic texture.

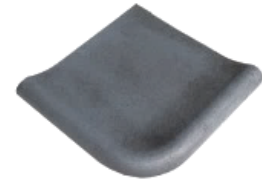

Clinker Tile Colours

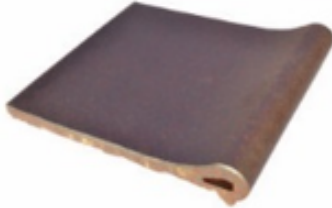

Basalto  
330x330x22 mm

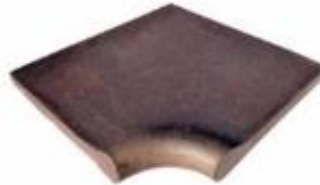

Basalto Internal Corner  
410x330x35 mm

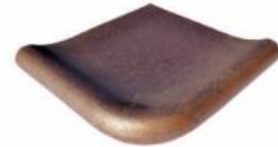

Basalto External Corner  
330x330x30 mm

Lava  
330x330x22 mm

Lava Internal Corner  
410x330x35 mm

Lava External Corner  
330x330x30 mm

Natural  
330x330x22 mm

Natural Internal Corner  
410x330x35 mm

Natural External Corner  
330x330x30 mm

Antica  
330x330x22 mm

Antica Internal Corner  
410x330x35 mm

Antica External Corner  
330x330x30 mm

Duna  
330x330x22 mm

Duna Internal Corner  
410x330x35 mm

Duna External Corner  
330x330x30 mm

What are the Technical Advantages of Clinker Tiles?

- They have exceptional *Hardness* (like granite) with Strong Resistance to *Impact* and *Thermal Shock*
- Minimal *Water Absorption*. No sealing required
- A *Very High Slip Resistance*: Scale R-12 according to the standard DIN 51130
- A *Scratch Hardness Rating*, equivalent to hardened steel (MOHS 8)
- Resistant to *Acids and Chemicals*
- They have a *High Mechanical Bend Strength*
- Resistance to *Thermal Shock*, a very safe solution in regions with harsh weather.
- Clinker tile *Colours are Stable* and will not fade over time
